

## DJI Power 1000 Mini Release Notes

---

Date:	2026.04.20
Firmware Version:	v01.00.03.00
DJI Home App iOS:	v1.5.15
DJI Home App Android:	v1.5.15

---

### What's New

- Added Auto mode for car recharging settings in DJI Home.
- Added support for switching AC frequency in DJI Home.
- Added support to update the time displayed on the screen according to the recharging/discharging limit set in DJI Home.
- Improved stability.
- Fixed some known issues.

### Notes:

If the update fails, follow the steps for troubleshooting.

1. Disconnect the computer and all connected devices from the power station.
2. Press and hold the power button for more than five seconds to power off the power station, and exit DJI Assistant 2 (Power Series).
3. Press and hold the AC button and the power button simultaneously. Connect the power station to the computer with a USB-C cable.
4. Retry updating the firmware to the latest version using DJI Assistant 2 (Power Series).
