DJI Pilot App Release Notes

Date: 2018.06.21  
DJI Pilot App: Android V 0.6.3

What’s New?

- Fixed and optimized some issues.
DJI Pilot App Release Notes

Date: 2018.05.24
DJI Pilot App: Android V 0.6.1

What’s New?

- The privacy policy has been updated so users will have a clear understanding of what information is collected and why. Due to user data and privacy protection, this version takes several steps to improve the checking of privacy settings while also providing users with permission settings for uploading data.
- Cendence controller buttons can now be set to control vision-related functions.
- Fixed other small issues.
DJI Pilot App Release Notes
