Safety at a Glance

The DJI™ MAVIC™ 2 is NOT a toy and is NOT suitable for children under the age of 18. Note that ‘Safety at a Glance’ only provides a quick overview of the safety tips. Users must ensure they have fully read and understood all Disclaimer and Safety Guidelines, Intelligent Flight Battery Safety Guidelines, and the User Manual.

1. Environmental Consideration
   • Always fly at locations that are clear of magnetic or radio interference, building and other obstacles.
   • DO NOT fly above or near large crowds.
   • Be very careful when flying 19,685 feet (6,000 m) or more above sea level.
   • Fly in moderate weather conditions with temperatures between 14° to 104° F (-10° to 40° C).
   • Please take additional caution while flying indoors because the aircraft stabilization features may be interfered with.
   • DO NOT fly when the wind speeds exceeding 10 m/s or 22 mph.

2. Pre-flight Checklist
   • Ensure the stickers on the camera, vision system and infrared sensing system are removed before use.
   • Ensure to remove the gimbal cover before powering on the aircraft.
   • Ensure the remote controller and aircraft batteries are fully charged.
   • Please ensure that the arms of the aircraft are all unfolded before flying. Ensure the Intelligent Flight Battery is mounted firmly in place.
   • Ensure the propellers are in good condition and securely tightened before each flight.
   • Ensure there is nothing obstructing the motors.
   • Check that the camera lens and sensors are clean and free of stains.
   • Only calibrate the compass when the DJI GO™ 4 app or the status indicator prompt you to do so.
   • Ensure the DJI GO 4 app and aircraft’s firmware have been upgraded to the latest version.
   • Be familiar with the selected flight mode and understand all safety functions and warnings.
   • Ensure that your flight area is outside the GEO Zones and flight conditions are suitable for flying the aircraft.
   • Ensure the DJI GO 4 app is properly launched to assist your operation of the aircraft. WITHOUT THE FLIGHT DATA RECORDED BY THE DJI GO 4 App, IN CERTAIN SITUATIONS (INCLUDING THE LOSS OF YOUR AIRCRAFT) DJI MAY NOT BE ABLE TO PROVIDE AFTERSALES SUPPORT TO YOU OR ASSUME LIABILITY.

3. Operation
   • DO NOT start the motors before unfolding the arms. Otherwise it may damage the aircraft.
   • DO NOT touch the battery buckles while holding the aircraft to avoid it dropping off.
   • Stay away from the rotating propellers and motors.
- Maintain visual line of sight of your aircraft at all times.
- DO NOT answer incoming calls, text messages or do anything that may distract you from operating your smart device to control the aircraft during flight.
- DO NOT fly under the influence of alcohols or drugs.
- DO NOT fly close to reflective surfaces such as water or snow, as these types of terrain may affect the performance of the vision system. Only fly the aircraft in environments with good lighting and visibility when GPS signal is weak.
- Land the aircraft in a safe location when there is a low battery or high wind warning.
- Please set the Return-to-Home (RTH) Altitude at a level higher than surrounding obstacles using the DJI GO 4 app.
- The aircraft cannot avoid obstructions during RTH when the visual system is disabled. Use the remote controller to control the aircraft’s speed and altitude to avoid collisions during RTH.
- After landing, first stop the motor, then turn off the Intelligent Flight Battery, and then turn off the remote controller.
- When using Intelligent Flight Modes, be prepared to take control of the aircraft by pushing the sticks and pressing the Flight Pause button or tap the on-screen stop button. Please note that the aircraft will continue performing the Intelligent Flight functions after you pushed the sticks. Press the stop button on the screen to exit such on-going functions completely.
- The pilot must pay attention and control the aircraft at all times during flight. Safety and flight assistance features such as obstacle avoidance and precision landing are meant to assist the pilot, not to replace their control of the aircraft.
- Environmental conditions such as lighting and the surface texture of obstacles may impact the performance of the visual system. Intelligent flight control features such as precision landing and obstacle avoidance are disabled when the visual system’s functions are impaired. Please refer to the User Manual for more information.
Disclaimer and Warning

This product is NOT a toy and is not suitable for children under the age of 18. Adults should keep the aircraft out of the reach of children and exercise caution when operating this aircraft in the presence of children.

While the product adopts advanced technology, inappropriate use of the product could result in personal injury or property damages. Please read the materials associated with the product before your first use of the product. These documents are included in the product package and are also available online on the DJI product page at http://www.dji.com.

This product is a flying camera that offers easy flight when in good working order as set forth below. Visit http://www.dji.com for the most current instructions and warnings and http://knowbeforeyoufly.org/ for more information about flight safety and compliance.

The information in this document affects your safety and your legal rights and responsibilities. Read this entire document carefully to ensure proper configuration before use. Failure to read and follow the instructions and warnings in this document may result in product loss, serious injury to you, or damage to your aircraft.

Read the ENTIRE User Manual to become familiar with the features of this product before operation. Failure to operate the product correctly can result in damage to the product or personal property and cause serious injury.

This is a sophisticated product. It must be operated with caution and common sense and requires some basic mechanical ability. Failure to operate this product in a safe and responsible manner could result in injury or damage to the product or other property. This product is not intended for use by children. DO NOT use incompatible components or alter this product in any way unless otherwise allowed by relevant documents provided by SZ DJI TECHNOLOGY CO., LTD. These Safety Guidelines contain instructions for safety, operation and maintenance. It is essential to read and follow all of the instructions and warnings in the User Manual, prior to assembly, setup or use, in order to operate the product correctly and avoid damage or serious injury.

By using this product, you hereby signify that you have read this disclaimer carefully and that you understand and agree to abide by the terms and conditions herein. EXCEPT AS EXPRESSLY PROVIDED IN DJI AFTER-SALES SERVICE POLICIES AVAILABLE AT (HTTP://WWW.DJI.COM/ SERVICE), THE PRODUCT AND ALL MATERIALS, AND CONTENT AVAILABLE THROUGH THE PRODUCT ARE PROVIDED “AS IS” AND ON AN “AS AVAILABLE” BASIS, WITHOUT WARRANTY OR CONDITION OF ANY KIND, EITHER EXPRESS OR IMPLIED. DJI DISCLAIMS ALL WARRANTIES OF ANY KIND, EXCEPT AS EXPRESSLY PROVIDED IN DJI LIMITED WARRANTY, WHETHER EXPRESS OR IMPLIED, RELATING TO THE PRODUCT, PRODUCT ACCESSORIES, AND ALL MATERIALS, INCLUDING: (A) ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, QUIET ENJOYMENT, OR NON-INFRINGEMENT; AND (B) ANY WARRANTY ARISING OUT OF COURSE OF DEALING, USAGE, OR TRADE. DJI DOES NOT WARRANT, EXCEPT AS EXPRESSLY PROVIDED IN DJI LIMITED WARRANTY, THAT THE PRODUCT, PRODUCT ACCESSORIES, OR ANY PORTION OF THE PRODUCT, OR ANY MATERIALS, WILL BE
UNINTERRUPTED, SECURE, OR FREE OF ERRORS, VIRUSES, OR OTHER HARMFUL COMPONENTS, AND DO NOT WARRANT THAT ANY OF THOSE ISSUES WILL BE CORRECTED.

NO ADVICE OR INFORMATION, WHETHER ORAL OR WRITTEN, OBTAINED BY YOU FROM THE PRODUCT, PRODUCT ACCESSORIES, OR ANY MATERIALS WILL CREATE ANY WARRANTY REGARDING DJI OR THE PRODUCT THAT IS NOT EXPRESSLY STATED IN THESE TERMS. YOU ASSUME ALL RISKS FOR ANY DAMAGE THAT MAY RESULT FROM YOUR USE OF OR ACCESS TO THE PRODUCT, PRODUCT ACCESSORIES, AND ANY MATERIALS. YOU UNDERSTAND AND AGREE THAT YOU USE THE PRODUCT AT YOUR OWN DISCRETION AND RISK, AND THAT YOU ARE SOLELY RESPONSIBLE FOR ANY PERSONAL INJURY, DEATH, DAMAGE TO YOUR PROPERTY (INCLUDING YOUR COMPUTER SYSTEM OR MOBILE DEVICE OR DJI HARDWARE USED IN CONNECTION WITH THE PRODUCT) OR THIRD PARTY PROPERTY, OR THE LOSS OF DATA THAT RESULTS FROM YOUR USE OF OR INABILITY TO USE THE PRODUCT.

SOME JURISDICTIONS MAY PROHIBIT A DISCLAIMER OF WARRANTIES AND YOU MAY HAVE OTHER RIGHTS THAT VARY FROM JURISDICTION TO JURISDICTION.

DJI accepts no liability for damage, injury or any legal responsibility incurred directly or indirectly from the use of this product. The user shall observe safe and lawful practices including, but not limited to, those set forth in these Safety Guidelines.

Data Storage and Usage

When you use our mobile apps or our products or other software, you may provide DJI with data regarding the use and operation of the product, such as flight telemetry data (e.g., speed, altitude, battery life, and information about the gimbal and camera) and operations record. Please refer to DJI Privacy Policy (available at dji.com/policy) for more information.

DJI reserves the right to update this disclaimer and the safety guidelines. Please visit www.dji.com and check your email periodically for the latest version. This disclaimer is made in various language versions; in the event of divergence among different versions, the English version shall prevail.
NOTICE

All instructions and other collateral documents are subject to change at the sole discretion of SZ DJI TECHNOLOGY CO., LTD (“DJI”). For up-to-date product information, visit http://www.dji.com and check on the product page.

Glossary

The following terms are used throughout this document to indicate various levels of potential harm when operating this product:

**NOTICE**: Procedures, which if not properly followed, create a possibility of physical property damage AND a little or no possibility of injury.

**CAUTION**: Procedures, which if not properly followed, create the probability of physical property damage AND a possibility of serious injury.

**WARNING**: Procedures, which if not properly followed, create the probability of property damage, collateral damage, and serious injury OR create a high probability of serious injury.

Product Care

Storage and Transportation

**WARNING**

To avoid serious injury to children and animals, observe the following rule:

1. Small parts, such as cables and straps, are dangerous if swallowed. Keep all parts out of reach of children and animals.

**NOTICE**

1. Store the Intelligent Flight Battery and remote controller in a cool, dry place away from direct sunlight to ensure the built-in LiPo battery does NOT overheat. Recommended storage temperature: between 71° and 82° F (22° and 28° C) for storage periods of more than three months. Never store in environments outside the temperature range of 14° to 113° F (-10° to 45° C).
2. DO NOT allow the camera to come into contact with, or become immersed in, water or other liquids. If it gets wet, wipe dry with a soft, absorbent cloth. Turning on an aircraft that has fallen into water may cause permanent component damage. DO NOT use substances containing alcohol, benzene, thinners or other flammable substances to clean or maintain the camera. DO NOT store the camera in humid or dusty areas.
3. DO NOT connect this product to any USB interface that is older than version 3.0. DO NOT connect this product to any “power USB” or similar devices.
Maintenance and Upkeep

**NOTICE**

1. Check every part of the aircraft after any crash or violent impact. If you have any problems or questions, please contact a DJI authorized dealer.
2. Regularly check the Battery Level Indicators to see the current battery level and overall battery life. The battery is rated for 200 cycles. It is not recommended to continue use afterward. Refer to the Intelligent Flight Battery Safety Guidelines for more information about the safe use and maintenance of the battery.

Flight Condition Requirements

**Weather Conditions and Surrounding Environment**

**WARNING**

The aircraft is designed to operate in good to moderate weather conditions. To avoid collision, serious injury and property damage, observe the following rules:

1. **DO NOT** use the aircraft in severe weather conditions. These include wind speeds exceeding 10 m/s (22 mph), snow, rain, smog, heavy wind, hail, lightning, tornadoes or hurricanes.
2. **DO NOT** operate the aircraft where there is obvious change in the ground level (e.g. flight from inside the building to outside) and when the GPS signal is weak, in case the positioning function is interfered and thus impacts flight safety.

**NOTICE**

1. Aircraft and battery performance is subject to environmental factors such as air density and temperature. Be very careful when flying 19,685 feet (6,000 m) or more above sea level since battery and aircraft performance may be reduced.
2. **DO NOT** use the aircraft near accidents, fire, explosions, floods, tsunamis, avalanches, landslides, earthquakes, dust, or sandstorms.

**Interference with Communications**

**NOTICE**

1. Fly in open areas. Tall buildings, steel structures, mountains, rocks or even trees may affect the accuracy of the on-board compass and block the GPS signal.
2. Avoid interference between the remote controller and other wireless equipment. Make sure to turn off the Wi-Fi on your mobile device.
3. **DO NOT** fly near areas with magnetic or radio interference. These include but are NOT limited to: Wi-Fi hotspot, router, Bluetooth device, high voltage lines, large scale power transmission stations or mobile base stations and broadcasting towers. Failing to do so may compromise the transmission quality of this product or cause remote controller and video transmission errors which may affect flight orientation and location accuracy. The aircraft may behave abnormally or go out of control in areas with too much interference.
Operating the Aircraft Responsibly

⚠️ WARNING

To avoid serious injury and property damage, observe the following rules:
1. Make sure you are NOT under the influence of anesthesia, alcohol, drugs or suffering from dizziness, fatigue, nausea or any other conditions, whether physical or mental, that could impair your ability to operate the aircraft safely.
2. Upon landing, power off the aircraft first, then switch off the remote controller.
3. DO NOT drop, launch, fire or otherwise project any dangerous payloads on or at any buildings, persons or animals, or which could cause personal injury or property damage.
4. DO NOT use the aircraft that has been crashed or accidently hit, or the aircraft that is not in good condition.

NOTICE

1. Make sure you have been sufficiently trained and have contingency plans for emergency situations or for when accidents occur.
2. Make sure you have a flight plan and never fly the aircraft recklessly.
3. Respect the privacy of others when using the camera. Make sure you comply with local privacy laws, regulations, and moral standards.
4. DO NOT use this product for any reason other than general personal use. DO NOT use it for any illegal or inappropriate purpose (such as spying, military operations, or unauthorized investigations).
5. DO NOT use this product to defame, abuse, harass, stalk, threaten or otherwise violate the legal rights (such as the right of privacy and publicity) of others.
6. DO NOT trespass onto private property of others.

Regulations & Flight Restrictions

Regulations

⚠️ WARNING

To avoid serious injury and property damage, observe the following rules:
1. DO NOT operate in the vicinity of manned aircraft, regardless of altitude. (Land immediately if necessary)
2. DO NOT fly the aircraft in densely populated areas, including cities, sporting events, exhibitions, performances, etc.
3. DO NOT fly the aircraft above the authorized altitude. Remain well clear of and DO NOT interfere with manned aircraft operations. Be aware of and avoid other aircraft and obstacles at all times.
To avoid non-compliant behavior, serious injury and property damage, observe the following rules:

1. **DO NOT** fly the aircraft near or inside no fly zones specified by local laws and regulations. The no fly zone list includes: airports, borders between two sovereign countries or regions, major cities/regions, etc., and is continuously updated. **DO NOT** fly around sensitive infrastructure or property such as power stations, water treatment facilities, correctional facilities, heavily traveled roadways, government facilities, military zones, etc.
2. **DO NOT** fly the aircraft above the authorized altitude
3. **ALWAYS** keep your aircraft within visual line of sight (VLOS), and use an observer to assist if needed.
4. **NEVER** use the aircraft to carry illegal or dangerous goods/payloads.

**NOTICE**

1. Make sure you understand the nature/type of your flight operation (such as for recreation, for public use, or for commercial use) and have obtained corresponding approval and clearance from the related government agencies before flight. Consult with your local regulators for comprehensive definitions and specific requirements. For users operating their aircraft in the United States, please first visit http://www.knowbeforeyoufly.org/ and take the most appropriate action that suits your circumstances.
2. Please note that remote controlled aircraft may be banned from conducting commercial activities in certain countries and regions. Check and follow all local laws and ordinances before flying as those rules may differ from those stated here.
3. Respect the privacy of others when using the camera. **DO NOT** conduct surveillance operations such as image capture or video recording on any person, entity, event, performance, exhibition, and property without authorization or where there is an expectation of privacy, even if the image or video is captured for personal use.
4. Please be advised that in certain areas, the recording of images and videos from events, performances, exhibitions, or commercial properties by means of a camera may contravene copyright or other legal rights, even if the image or video was shot for personal use.

**Flight Restrictions**

**NOTICE**

DJI always stresses safety during flight, and has therefore developed various aids to help users comply with local rules and regulations while flying. We strongly recommend that you update the firmware to the latest version to ensure the following features are fully updated:

**GEO Zones**

1. All GEO Zones are listed on the DJI official website at http://www.dji.com/flysafe. GEO Zones are divided into different categories and include but are not limited to locations such as airports, flying fields where manned aircraft operate at low altitudes, borders between countries, sensitive locations such as power plants, and areas where major events are being held.
2. Flight restrictions vary by zone. Depending on the restrictions in a particular zone, warnings may
appear in the DJI GO 4 app, takeoff may be forbidden, the flight altitude may be limited, or the aircraft may take action automatically such as landing automatically.

3. Functions related to flying actions will be affected to some extent when the aircraft is near or inside a GEO Zone. These effects include but are not limited to: the aircraft may slow down, it may not be possible to create a flight task, and a flight task in progress may be interrupted.

4. Operating with the GEO Zones restrictions does not guarantee your compliance with all applicable laws, regulations, and temporary flight restrictions. Consult with your lawyer or local authorities to ensure your compliance.

Altitude Limit

1. Fly NO higher than 120 meters (400 feet)* above ground level and stay away from any surrounding obstacles.

2. If you intend to fly above the default altitude limit, you are required to accept the prompted disclaimer to enable the new altitude limit.

* The flight altitude restriction varies in different nations. DO NOT fly above the maximum altitudes set forth in your local laws and regulations.
Compliance Information

FCC Compliance Notice

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

— Reorient or relocate the receiving antenna.
— Increase the separation between the equipment and receiver.
— Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
— Consult the dealer or an experienced radio/TV technician for help.

RF Exposure Information

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, human body proximity to the antenna shall not be less than 20cm during normal operation.

IC RSS Warning

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d’Industrie Canada applicables aux appareils radio exempts de licence.

L’exploitation est autorisée aux deux conditions suivantes:
(1) l’appareil ne doit pas produire de brouillage, et
(2) l’utilisateur de l’appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d’en compromettre le fonctionnement.

IC Radiation Exposure Statement:

This equipment complies with IC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This equipment should be installed and operated with minimum distance 20cm between the radiator& your body.
Any Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

KCC Warning Message
“해당 무선설비는 운용 중 전파혼신 가능성이 있으므로 인명안전과 관련된 서비스는 할 수 없습니다.”
“해당 무선설비는 운용 중 전파혼신 가능성이 있음”

NCC Warning Message
低功率電波輻射性電機管理辦法
第十二條 經型式認證合格之低功率射頻電機，非經許可，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。
第十四條 低功率射頻電機之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應改善至無干擾時方得繼續使用。前項合法通信，指依電信法規定作業之無線電通信。低功率射頻電機須忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。

EU Compliance Statement: SZ DJI TECHNOLOGY CO., LTD. hereby declares that this device is in compliance with the essential requirements and other relevant provisions of the RED Directive.
A copy of the EU Declaration of Conformity is available online at www.dji.com/euro-compliance

Declaración de cumplimiento UE: SZ DJI TECHNOLOGY CO., LTD. por la presente declara que este dispositivo cumple los requisitos básicos y el resto de provisiones relevantes de la Directiva RED.
Hay disponible online una copia de la Declaración de conformidad UE en www.dji.com/euro-compliance

EU-verklaring van overeenstemming: SZ DJI TECHNOLOGY CO., LTD. verklaart hierbij dat dit apparaat voldoet aan de essentiële vereisten en andere relevante bepalingen van Richtlijn RED.
De EU-verklaring van overeenstemming is online beschikbaar op www.dji.com/euro-compliance

Declaração de conformidade da UE: A SZ DJI TECHNOLOGY CO., LTD. declara, através deste documento, que este dispositivo está em conformidade com os requisitos essenciais e outras disposições relevantes da Diretiva RED.
Existe uma cópia da Declaração de conformidade da UE disponível online em www.dji.com/euro-compliance

Dichiarazione di conformità UE: SZ DJI TECHNOLOGY CO., LTD. dichiara che il presente dispositivo è conforme ai requisiti essenziali e alle altre disposizioni rilevanti della direttiva RED.
Una copia della dichiarazione di conformità UE è disponibile online all'indirizzo Web www.dji.com/euro-compliance

Déclaration de conformité UE: Par la présente, SZ DJI TECHNOLOGY CO., LTD déclare que cet appareil est conforme aux principales exigences et autres clauses pertinentes de la directive européenne RED.
Une copie de la déclaration de conformité UE est disponible sur le site www.dji.com/euro-compliance

EU-Compliance: Hiermit erklärt SZ DJI TECHNOLOGY CO., LTD., dass dieses Gerät den wesentlichen Anforderungen und anderen einschlägigen Bestimmungen der EU-Richtlinie RED entspricht.
Eine Kopie der EU-Konformitätserklärung finden Sie online auf www.dji.com/euro-compliance.
EU contact address: DJI GmbH, Industriestrasse 12, 97618, Niederlauer, Germany

CAUTION: RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS

Environmentally friendly disposal
Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort, you contribute to recycle valuable raw materials and the treatment of toxic substances.

Thailand Warning Message
เครื่องโทรคมนาคมและอุปกรณ์นี้ มีความสอดคล้องตามข้อกำหนดของ กทช.

Mexico Warning message
“La operación de este equipo está sujeta a las siguientes dos condiciones: (1) es posible que este equipo o dispositivo no cause interferencia perjudicial y (2) este equipo o dispositivo debe aceptar cualquier interferencia, incluyendo la que pueda causar su operación no deseada.

Brazil Warning message
Este equipamento opera em caráter secundário, isto é, não tem direito a proteção contra interferência prejudicial, mesmo de estações do mesmo tipo, e não pode causar interferência a sistemas operando em caráter primário.
