DJI P1 Release Notes

Release Date:	2021.10.22
DJI P1 Firmware:	v03.00.01.04
Firmware Upgrade Method:	DJI P1 - SD card / Update All in App
Other Product Firmware and Software Required:	M300 RTK aircraft firmware: v03.00.01.01 M300 RTK remote controller firmware: v03.00.01.02 DJI Pilot App Android: v3.0.1.4 (M300)

What's New?

- Added 0.7s shooting interval to manual Timed Shot.
- Added support to transcode satellite observation files from binary format to Rinex format in real-time.
- Fixed issue: when a new folder was created, the PPK data for the last 10 seconds of the old folder was incorrectly stored to the new folder.
- Fixed issue: could not record MRK and PPK files when taking photos in DNG format.
- Fixed issue: could not record exact location and time stamp when taking photos in DNG format.
- Fixed occasional issue: shots missed during Smart Oblique flight.

Notes

- Make sure that the aircraft firmware, remote controller firmware, DJI P1 firmware, and DJI Pilot app firmware are updated to the latest.

DJI P1 Release Notes

Release Date:	2021.05.10
DJI P1 Firmware:	v02.04.01.02
Firmware Upgrade Method:	DJI P1 - SD card / Update All in App
Other Product Firmware and Software Required:	M300 RTK aircraft firmware: v02.04.01.02 M300 RTK remote controller firmware: v02.04.01.03 DJI Pilot App Android: v2.4.1.7 (M300)

What's New?

- Added lens activation. Activation will be triggered after firmware is updated.
- Added one second timed shot in DJI Pilot when taking photos manually.
- Added Oblique GSD in DJI Pilot.
- Optimized resumption of interrupted flight route tasks in Smart Oblique. Aircraft will return to break point and adjust to flight speed and complete shooting sequence of previous waypoint.
- Optimized camera exposure compensation to improve exposure accuracy of entire flight route.
- Improved calculation accuracy of frontal overlap ratio in Smart Oblique.
- Optimized estimation of photo numbers and flight time in Smart Oblique.
- Fixed issue: white spots appeared in corners of DNG photos.
- Fixed some minor bugs.

Notes

- Follow steps to activate lens when prompted in DJI Pilot.
- Make sure that the aircraft firmware, remote controller firmware, DJI P1 firmware, and DJI Pilot app firmware are updated to the latest.
